Contact: admin@ukrainet.eu Status: September 2017

TENTATIVE PROGRAM

Thursday, 7 December 2017

Arrival in Kyiv, check-in at the hotel

15:00 - 20:00

- Introduction to the Research and Higher Education System of Ukraine
- Scientific and educational traditions in Ukraine: from the library of Yaroslav the Wise to space research.
- Visit to the National Museum of Medicine of Ukraine
- Get-together and dinner

Friday, 8 December 2017

The group (approximately 20 German and 25 Ukrainian young scientists) is divided into 3 subgroups depending on the research interests:

1. Mathematics, physics, computer sciences and engineering
2. Chemistry and biomedical research
3. Social sciences and humanities

9:00 - 16:00

Parallel visits of universities / research institutes followed by (i) presentations on already existing successful German-Ukrainian cooperation projects and (ii) short scientific talks by the participants

16:00 - 19:00

A Plenary Session with presentations of the National Taras-Shevchenko University of Kyiv, Igor Sikorsky National Technical University "KPI", institutes of the National Academy of Sciences of Ukraine, followed by a Networking dinner.

THE GERMAN-UKRAINIAN FORUM OF YOUNG RESEARCHERS

Kyiv-Lviv/Kharkiv, 7-12 December 2017

Contact: admin@ukrainet.eu Status: September 2017

Saturday, 9 December 2017

9:00 - 13:00

A Plenary Session "Funding Opportunities for German-Ukrainian and International Cooperation". The meeting will also be open to the wider local academic audience, in particular young researchers (doctoral students and postdocs), as well as staff from the Ukrainian universities and research institutes.

- Introduction of funding organizations, e.g. DFG, DAAD, AvH, Volkswagen Foundation, EU NCP, ERC, etc.
- Introduction of the UKRAINE Network and the German-Ukrainian Academic Society

Afternoon: City tour, exploring historical sights, cultural program

The group of participants will be divided into 2 subgroups depending on the research interests. The groups, accompanied by local researchers and a member of project staff, will depart by a night train either to Kharkiv (mainly the members of subgroup 1: mathematics, physics, computer and engineering, some chemists), or to Lviv (especially members of the subgroup 2: Chemistry and biomedical research and 3: social sciences and humanities).

Sunday, 10 December 2017

Arrival in Lviv or Kharkiv, check-in at the hotel

City tour, exploring historical sights, cultural program

Monday, 11 December 2017

9:00 - 18:00

Parallel visits of universities / research institutes, followed by (i) presentations on already existing successful German-Ukrainian cooperation projects and (ii) short presentations by the participants with a final joint Networking dinner with members of a wider local research community.

Tuesday, 12 December 2017

Departure to Germany

2

The German-Ukrainian Forum of Young Researchers is organized by The Eberhard Karls Universität Tübingen in cooperation with the German-Ukrainian Academic Society. It is supported by the German Academic Exchange Service (Deutscher Akademischer Austauschdienst, DAAD) from the funds of the German Federal Ministry of Education and Research (Bundesministerium für Bildung und Forschung, BMBF).
