

## Alumni Network Ukraine-Germany Online Conference Announcement: “The Digital Transformation“, 25-26 November 2020

The Alumni Network Ukraine-Germany, supported by the German Academic Exchange Service (DAAD) with funds from the Federal Ministry for Economic Cooperation and Development (BMZ), was initiated by a consortium of 21 Ukrainian and German institutions from academia, politics, society and economy. It addresses Ukrainian alumni of German universities and everyone who is committed to German-Ukrainian cooperation. By establishing a thriving exchange of experience and knowledge, it aims at facilitating scientific, research and professional cooperation and supporting societal and economic development.

On behalf of the network members we would like to cordially invite you to the **Conference “The Digital Transformation”**, which will be held online on **25-26 November**.

Digitization is no doubt one of the great overarching challenges of our time. Raising technical, societal and ethical questions, it affects academic disciplines far beyond computer science: For instance, digitization has legal and economic implications, has enabled the emergence of the new academic field of digital humanities, and currently revolutionizes research data in the natural and life sciences. During the event, Ukrainian and German scientists will deliver their latest insights on such diverse facets of current digitization processes and their effects on science and society.

Participation is free of charge.

**Please register online until November 23, 2020 [using this link](#).**

We look forward with anticipation to interesting discussions and a fruitful exchange of experiences.

Yours sincerely,

the organizers from

Ivan Franko National University of Lviv  
Taras Shevchenko National University of Kyiv  
V.N. Karazin Kharkiv National University  
Odesa I.I. Mechnikov National University  
Julius-Maximilians-Universität Würzburg (JMU)
